ROAD CROSSING WORKSHOP

TUESDAY, MARCH 26 2024

Topsham Town Hall
100 Main Street, Topsham ME

9:00 am - 12:00 pm

(optional field trip in afternoon, weather dependent)

Free of charge, registration required

**This workshop is aimed at municipalities
interested in improving road-stream crossings**

- Stream Smart crossings help connect and maintain fish and wildlife habitat while protecting roads and public safety.
- This workshop will cover basic stream functions, Stream Smart principles, applicable regulations, and how to apply for state grant funding to help cover costs.
- Stream Smart crossings can help municipalities prepare for larger and more frequent storm events

Online Registration:
